

School Safety Data Submission

Presented by
Kyle C. Arlington
Superintendent of Schools

Presented to the Board of Education
August 28, 2023

School Safety Data System Priorities

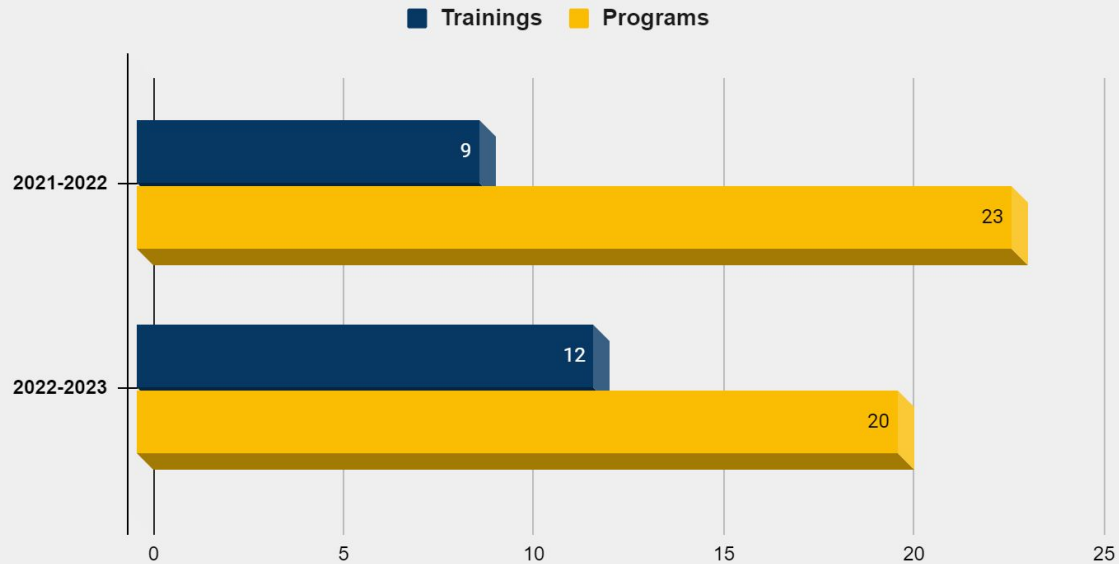

- Our social emotional learning work
- School culture and climate, including our School Climate Teams
- HIB prevention; training for HIB personnel
- Multi-tiered system of supports
- Ongoing crisis team work
- Anti-bullying, social emotional work calendar
- Restorative practices

Training & Programs

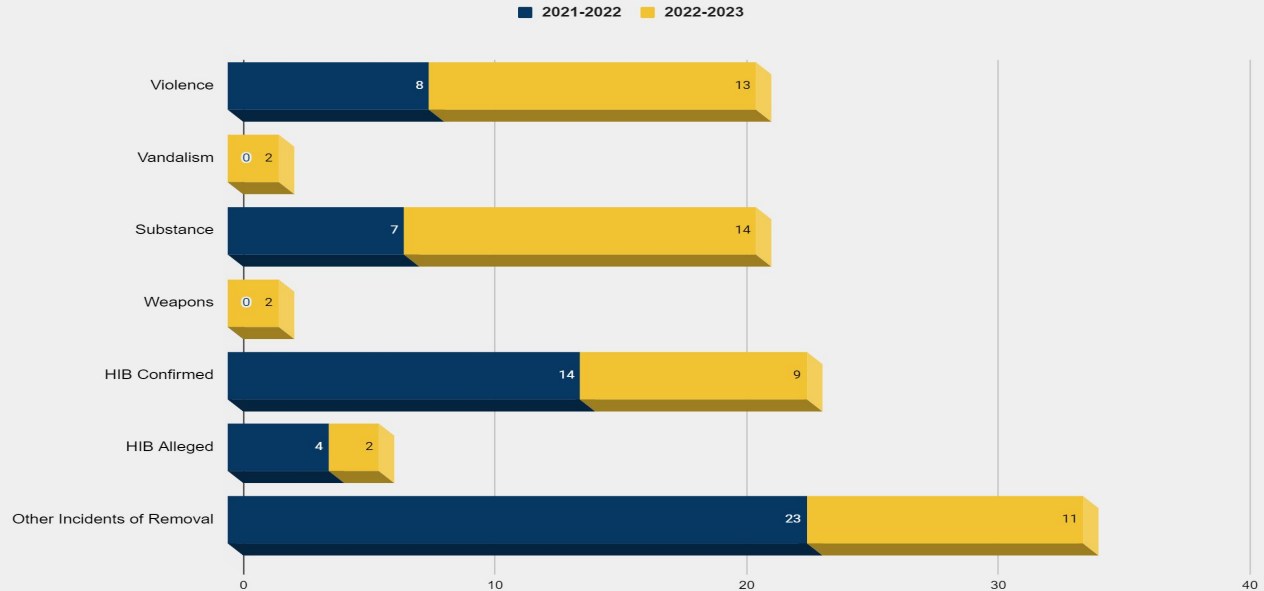

SSDS Trainings and Programs - Report Totals
FSY 2022 & FSY 2023

Incidents by Category

SSDS Incidents Report Totals - Period 2
(Jan.- June 2022 & 2023)

Review

- SSDS data is a reflective point we use in tandem with our commitment to operate a safe, efficient, and effective school district.
- SSDS data should be reviewed with
 - School Improvement Panel (SciPs)
 - District Safety Committee
 - Leadership Team
 - Student Assistance Counselor
 - Student Liaison
- SSDS should help us to assess our Social Emotional Learning efforts.
- SSDS data should be juxtaposed with our HIB Scores.
